To whom it may concern,

Sure Seal Pavement delivered exactly what they promised...great customer service and exceptional product value.

The asphalt crack repair and Poly-Tar sealing project they completed in June of 2015 still looks like the day it was completed almost 1 year later.

We are exceptionally happy with Sure Seal and would highly recommend their services to any property Owner or Manager seeking a professional asphalt maintenance contractor who understands service and real value."

Regards

Branka Novic
